

## All-New Cottage Homes: *Open spaces. Endless possibilities.*

The Summit is expanding with the addition of a new, 18-cottage neighborhood. Each beautiful new cottage is designed to maximize views of our 10-acre lake, while also offering a personal oasis in the form of an indoor/outdoor living area with a spacious covered patio and fenced yard accessed by a large, folding glass door. Sidewalks and open areas of green space will make it easy to get to know your neighbors while still enjoying all the space, comfort, and privacy of a standalone home. And, of course, the truly maintenance-free lifestyle means you'll have more time to enjoy the people and activities that mean the most to you — friends and family, hobbies and interests, and wellness in mind, body, and spirit.
